## Enjoy Endless Adventures with the Aqua Cycle® Pontoon Pedal Boat

The Aqua Cycle® Pontoon Pedal Boat is an exceptional watercraft that offers a multitude of benefits to water enthusiasts, families, and outdoor enthusiasts. With its innovative design, outstanding stability, and eco-friendly operation, owning an Aqua Cycle® Pontoon Pedal Boat opens up a world of endless adventures and enjoyable experiences on the water. Whether you're cruising along a serene lake, engaging in friendly races, or simply enjoying the tranquility of the water, this pedal boat offers an exciting and inclusive experience for all ages. Pedaling together fosters teamwork and encourages shared outdoor activities, promoting bonding and quality time with family and friends.

### Versatile and Accessible

Aqua Cycle® Pontoon Pedal Boat is designed to be versatile and accessible, catering to various needs and preferences. With its stable pontoon construction, it offers excellent buoyancy and stability, making it suitable for all skill levels, including children, seniors, and individuals with limited mobility. Additionally, the boat's spacious seating area can accommodate multiple passengers comfortably, allowing you to share the experience with friends or family members.

### Aqua Cycle® 4x4

The Aqua Cycle® 4x4 is the ultimate paddle boat. Four person capacity with four pedaling stations. Everybody gets in on the fun. A rear storage deck provides a place for a picnic cooler or serves as the "pet deck" to bring extended family along. Two forward facing adjustable seats lets children and adults share the same ride and the pedaling.

- Heavy duty 15" diameter pontoons - .080" 5052-H32 Aluminum
- Capacity: 800 pounds/4 people
- Width: 70" Height: 47" Length: 13'
- Boat weight: 286 pounds

#### Optional Accessories:

- Bimini Top
- Fishing Rod Holders
- Seat Cushions
- Life Ring Set
- Front Fishing Table
- Electric Motor Drive, with Solar charger

### Aqua Cycle® Plus

Whether it be a fishing excursion or an evening sunset ride for Mom and Dad, the Aqua Cycle® Plus is a great way to enjoy relaxing time on the water. Rear deck and walkway provide for a roomy casting platform for fishing quiet coves and inlets. Accessory fishing table and rod holders make this a complete fishing rig. Put the fishing equipment away and you have a perfect paddle boat for two with an integral swim ladder, and a big rear deck for the family pet, picnic supplies or whatever you decide to take along.

- Heavy duty 15" diameter pontoons - .080" 5052-H32 Aluminum
- Capacity: 800 pounds/2 people
- Width: 70" Height: 47" Length: 13'
- Boat weight: 284 pounds

#### Optional Accessories:

- Bimini Top
- Fishing Rod Holders
- Seat Cushion
- Life Ring Set
- Front Fishing Table
- Electric Motor Drive, with Solar charger

### Aqua Swim Raft

The Aqua Swim Raft is all about low maintenance and years of service. All aluminum frame construction with stainless steel hardware allows the swim raft to endure many, many years of lake exposure and still look and function well. Experienced lakefront cottage owners know that UV rays will cause plastic to fade and crack, and the water and sun will cause wood to rot. The Aqua Swim Raft will be impervious to weather long after other rafts have been discarded. The Aqua Swim Raft is available in two sizes, 8'x8' or 8'x12'. The deck is 3/4" pressure treated marine plywood, covered with 14 oz. Marine carpeting. The edges are all finished with quality aluminum extrusions. 23" pontoons provide maximum flotation and there is a mooring eye provided under the deck.

Three Year Limited Warranty

Optional Dock Ladder - 4 step fixed or 4 step folding (pictured)

- Aqua Cycle® Paddle Boats & Rafts
  - Built to Commercial Standards - No Corners Cut
  - Unmatched Strength
- pontoons: Custom 5052-H32 aluminum
  - Superior Comfort: Adjustable upright bench seats: 2" back / 7" forward
  - Nylon washers at pivots = silent, smooth adjustment
  - Lowered front floorboard = effortless pedaling

- Smart Design
  - Urethane seats/floors: USCG flotation spec + full aluminum substructure
  - Dual rudders (front + rear): 90° turns in own length, hands-free steering
  - Nothing below pontoons - beach with zero damage
- Aqua Cycle® - Engineered for Generations.

### Aqua Cycle® II

Family fun is what the Aqua Cycle® II is all about. Two bench seats, one forward facing and one rear facing, provide room for adults and children or simply for a bunch of children. There is an integral swim ladder on the rear of the boat, and storage deck in between the two seats for stowing a cooler, camera or tote bags. Take four around the lake and enjoy the fresh air and healthy exercise.

- Heavy duty 15" diameter pontoons - .080" 5052-H32 Aluminum
- Capacity: 800 pounds/4 people
- Width: 70" Height: 47" Length: 13'
- Boat weight: 286 pounds

#### Optional Accessories:

- Bimini Top
- Fishing Rod Holders
- Seat Cushions
- Life Ring Set
- Front Fishing Table
- Electric Motor Drive, with Solar charger

### Aqua Cycle® 15

For one or two people, the Aqua Cycle® 15 is the perfect paddle boat. As with all Aqua Cycle® paddle boats, the "15" has a staggered crankshaft that allows one person in the middle of the adjustable seat to pedal or for two people side by side. The Aqua Cycle® 15 moves easily through the water and turns in an amazing tight circle. A rear deck with a rail provides plenty of room for picnic supplies and tote bags. Safe fun for the kids or a relaxing ride around the lake for Grandma and Grandpa; either way, the Aqua Cycle® 15 provides many years of family fun.

- Heavy duty 15" diameter pontoons - .080" 5052-H32 Aluminum
- Capacity: 585 pounds/2 people
- Width: 70" Height: 47" Length: 10' 2"
- Boat weight: 200 pounds

#### Optional Accessories:

- Bimini Top
- Fishing Rod Holders
- Seat Cushion
- Life Ring Set
- Front Fishing Table
- Electric Motor Drive, with Solar charger

### Solar Electric Drive

All Aqua Cycle® paddle boats with 15" diameter pontoons can be fitted with a battery powered motor drive assembly that provides quiet operation with zero maintenance. The electric motor drive serves as an excellent emergency back up for older folks or an efficient trolling motor for the fisherman. The electric motor drive has a clutch system incorporated into the chain drive to power the paddlewheel assembly. Should the paddlewheel become jammed, there is a circuit breaker that will safely shut down the motor drive. Using the hand lever that mounts on the seat frame, one may either allow the motor drive to power the paddle boat or assist the pedaling of the operator. A solar charger is provided as standard equipment and as a result the battery will need little or no maintenance during the course of the season. There is a key switch to prevent unwanted use of the boat with the motor.

Three Year Limited Warranty

### Optional Accessories

All optional accessories are pictured.

- Bimini Top
- Seat Cushion
- Front Fishing Table
- Fishing Rod Holders
- Life Ring Set
- Electric Drive Motor - 12v
